Academic
Excellence

Lake Center Christian is committed to academic excellence from preschool through 12th grade. Elementary students consistently earn high scores on the nationally recognized Terra Nova Test. According to college admissions counselors, Lake Center Christian graduates are among the most well prepared incoming freshmen.

Biblical
Worldview

Since opening its doors in 1947, it has been the goal of Lake Center Christian School to teach all subject matter from a **Biblical point of view**. Our teachers assist students in learning to think critically from a Christian viewpoint. Colossians 2:8 warns believers to be careful of false philosophies. At LCCS, we focus on TRUTH.

Christian
Character

Sportsmanship in athletics. Self-control inside and outside the classroom. Restorative discipline when necessary. **Lake Center Christian School nurtures Christian character**. High school students mentor elementary students and our campus pastor and faculty work to assure all students receive the support they need to grow in the grace and knowledge of Christ.

Diversity

From the Special Services Department to the International Volunteer Educator Program (IVEP) to more than 100 partnerships with churches, **Lake Center Christian School values diversity**. Each year we have IVEP teachers come and serve. LCCS also offers opportunities to diverse learners - whether it be students with special learning needs to students who are gifted and talented.

Service to
Christ

With a focus on global missions, Lake Center Christian School students serve Christ in a variety of ways through donation collections for local food banks, service projects, and mission trips. One fifth grade student commented, "I have learned what it really means to love people around us, as well as Christ here at Lake Center."

All your children shall be taught by the Lord; and great shall be the peace of your children. – Isaiah 54:13
